

## Experienced Architect

**Salary commensurate with experience + benefits**

MSMR are a London-based architecture studio with a focus on high-quality design and a track record of building and maintaining long term relationships with some of the world's leading clients.

We are an employee-owned practice which enables employees to have a meaningful stake in the future development of the practice and we have regularly been listed in the good employer guide and shortlisted for BD architectural employer of the year awards.

We are recruiting for an experienced, creative architect with a strong 'design eye' to work on projects with a focus on high quality/bespoke design. Project size is wide ranging from small mews properties and one-off apartments/penthouses to large apartment buildings and mixed use schemes £1m to £40m construction value.

The successful candidates will prepare and develop drawings, models, images and other documents relating to design and technical documentation, covering all RIBA stages.

### Key requirements:

- a minimum of two to three years' post part 3 practice experience working at all RIBA stages (especially stage 2, 3 & 4)
- strong design ability including experience of detail / technical design and delivery
- excellent graphic skills and 3D design ability. Should be proficient in InDesign, Photoshop, SketchUp (or similar) and have appropriate rendering competencies
- experience of AutoCAD and Revit is advantageous
- excellent verbal and written communication skills
- confident, approachable and a strong team player
- comfortable and confident in both client facing and contractor facing roles
- will most likely have worked in a small to medium sized practice specialising in residential or other high specification bespoke projects (e.g. hotel/heritage)

Please send a covering letter, CV and portfolio of your work to:
