ABOUT

campus

Our camps are lovingly created to engage children in creative activities and unstructured play.

We wholeheartedly believe camps should **b_fun** and **b_creative**, complementing the academic side of **school life**, allowing children to **take a break from formal learning** and **express themselves** in different ways both mentally and physically.

INDOORS, OUTDOORS & ALL AROUND

Our signature classes, **Create, Explore, Sense, Move** and **Cook**, form the core of our camps, which are enriched with **oodles of outdoor exploration**, as we take inspiration from our urban surroundings and venture outdoors.

NEW DAY, NEW CAMP

Each camp day centres around a **different theme** using **various topics** as inspiration, dependent on the time of the year.

By participating, children build their confidence, use their **imagination**s, and fine-tune **pre-existing skills** as they craft their **own masterpieces** and take part in **cooperative** and **creative learning** experiences. Common activities include **cook-offs**, mad **science experiments**, messy art studio sessions and a range of sports.

the stuff of holiday dreams!

Kids HOLIDAY CAMPS

Join us for the most **awesome** camps during school break, where we will **create**, **explore**, **move** and **cook** the days away!

Our camps are suitable for children **4 - 8 years** and **9-tweens** with **1** curator for **every 10** children (age dependant).

OUR WAY

Our camps programme covers a **huge range of skills** that support children's **natural development** in a fun and expressive way.

Every session has elements of physical activity to support healthy bodies, and **mindfulness** to encourage calm self-reflection. Half of the camp activities are held **indoors**, and for the other half, we are out and about exploring our **natural environment**. That means **lovely sunshine** or a downpour (or two).
